

SECTION 1: Identification of the substance/mixture and of the company/undertaking**1.1 Product identifier**Product name: **pH Test Solution**Synonyms: **Reagent # 2013****1.2 Relevant identified uses of the substance or mixture and uses advised against**

pH Test Solution for product TK-102

1.3 Details of the supplier of the safety data sheet

Manufacturer/Supplier:

Individual entrepreneur Mandryka Oksana

Str, Zoryana, 20, vil. Obuhovka,

Dnipro reg. 52030

Ukraine

+380661980427

main@rikka.uaFurther information obtainable from: Product department: main@rikka.ua**1.4 Emergency telephone number:**

N/A

SECTION 2: Hazards identification**2.1 Classification of substance/mixture****Classification according to Regulation (EC) No 1272/2008**

Not classified

See section 16 for the full text of the hazard statements declared above

2.2 Label elements**Labeling according to Regulation (EC) No 1272/2008***The product is classified and labelled according to the CLP regulation.***Hazard pictogram(s):** Not required**Signal word:** Not required**Hazard statement(s):** Not required**Precautionary Statement(s):** Not required**2.3 Other hazards:**

Not available.

SECTION 3: Composition/information of dangerous ingredients

Not available.

See section 16 for the full text of the H-statements declared above.

There are no additional ingredients present, which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Occupational exposure limits, if available, are listed in section 8.

SECTION 4: First aid measures

4.1 Description of first aid measures

General information: No special measures required.

After inhalation: Supply fresh air; consult doctor in case of complaints

After skin contact: Generally the product does not irritate the skin.

After eye contact: Rinse opened eye for several minutes under running water.

After swallowing: If symptoms persist consult doctor.

4.2 Most important symptoms and effects, both acute and delayed:

No further relevant information available.

4.3 Indication of any immediate medical attention and special treatment needed

No further relevant information available.

SECTION 5: Firefighting measures

5.1 Extinguishing media

Suitable: CO₂, powder or water spray. Fight larger fires with water spray or alcohol resistant foam.

Not Suitable: No further relevant information available.

5.2 Special hazards arising from the substance or mixture:

No further relevant information available.

5.3 Advice for firefighters

No special measures required.

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedure:

Not required.

6.2 Environmental precautions:

Do not allow to enter sewers/ surface or ground water.

6.3 Methods and material for containment and cleaning up:

Pick up and place in a suitable container for reclamation or disposal, using a method that does not generate dust.

6.4 Reference to the other sections

See Section 7 for information on safe handling.

See Section 8 for information on personal protection equipment.

See Section 13 for disposal information.

SECTION 7: Handling and storage**7.1 Precautions for safe handling:**

No special measures required.

Information about fire and explosion protection: No special method required.

7.2 Conditions for safe storage, including any incompatibilities**Storage:**

Requirements to be met by storerooms and receptacles: No special requirements.

Information about storage in one common storage facility: No required.

Further information about storage conditions: None.

7.3 Specific end use(s):

No further relevant information available.

SECTION 8: Exposure controls/personal protection**8.1 Control parameters**

Ingredients with limit values that require monitoring at the workplace: No required.

Additional information: The lists valid during the making were used as basis.

8.2 Exposure controls

Personal protective equipment:

General protective and hygienic measures:

The usual precautionary measures are to be adhered to when handling chemicals.

Respiratory protection: Wear appropriate respirator when ventilation is inadequate.

Protection of hands:

The glove material has to be impermeable and resistant to the product/the substance/the preparation.

Selection of glove material on consideration of the penetration times, rates of diffusion and the degradation.

Materials of gloves:

The selections of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material cannot be calculated in advance and has therefore to be checked prior to the application.

Penetration time of glove material:

The exact break through times has to be found out by manufacturer of the protective gloves and has to be observed. For the permanent contact gloves made of the following materials are suitable:

NATURAL RUBBER, NATURAL+NEOPRENE, NEOPRENE, NEOPRENE/NATURAL, NITRILE, PE, PVC, SARANEX-23. Recommended thickness of the material: ≥ 0.4 mm

Eye protection: No required.

Skin protection: Wear appropriate long-sleeved clothing to minimize skin contact.

During normal non-professional use of the chemical kit no personal protective equipment is required.

However, in case of manufacture or spillage, use as appropriate to the size of the spill.

Environmental exposure controls: Not available

Other protection:

Overalls.

PVC Apron.

PVC protective suit may be required if exposure severe.

Eyewash unit.

SECTION 9: Physical and chemical properties

Appearance:	Dark blue liquid
Odor:	None
Odor threshold:	N/A
pH	Not determined
Melting point/Freezing point:	Not determined
Initial boiling point/boiling range:	Not determined
Flash point:	Not applicable
Evaporation rate:	Not determined
Flammability:	Liquid is non-combustible
Upper/lower flammability or explosive limits:	Non-combustible
Vapor pressure:	Not determined
Vapor density:	Not determined
Relative Density:	Not determined
Solubility(water):	Completely soluble to give a neutral solution.
Partition coefficient Octanol/Water:	Not determined
Auto-ignition temperature:	Not determined
Decomposition temperature:	Not determined
Viscosity:	Not determined
Explosive properties:	Product does not present an explosion hazard
Oxidizing properties:	Not applicable

SECTION 10: Stability and reactivity**10.1 Reactivity:**

No further relevant information available.

10.2 Chemical stability:

No decomposition if used according to specifications. See section 7.

10.3 Possibility of hazardous reactions:

No dangerous reactions known.

10.4 Conditions to avoid:

No further relevant information available.

10.5 Incompatible materials:

No further relevant information available.

10.6 Hazardous decomposition product:

No dangerous decomposition products known.

SECTION 11: Toxicological information**11.1 Information of toxicological effects****Inhaled:** Based on available data, the classification criteria are not met.**Ingestion:** Based on available data, the classification criteria are not met.

Skin Contact: Based on available data, the classification criteria are not met.

Eye: Based on available data, the classification criteria are not met.

Chronic: Based on available data, the classification criteria are not met.

CMR effects (carcinogenity, mutagenicity and toxicity for reproduction):

Germ cell mutagenicity: Based on available data, the classification criteria are not met.

Carcinogenicity: Based on available data, the classification criteria are not met.

Reproductive toxicity: Based on available data, the classification criteria are not met.

STOT-single exposure: Based on available data, the classification criteria are not met.

STOT-repeated exposure: Based on available data, the classification criteria are not met.

Aspiration hazard: Based on available data, the classification criteria are not met.

Other effects:

No further relevant information available.

SECTION 12: Ecological information

12.1 Toxicity:

Aquatic toxicity: No further relevant information available.

12.2 Persistence and degradability:

No further relevant information available.

12.3 Bioaccumulative potential:

No further relevant information available.

12.4 Mobility in soil:

No further relevant information available.

Additional ecological information:

General notes:

Slightly hazardous for water. Do not allow undiluted product or large quantities of it to reach ground water, water course or sewage system.

12.5 Results of PBT and vPvB assessment

- **PBT:** Not applicable.

- **vPvB:** Not applicable.

12.6 Other adverse effects:

SECTION 13: Disposal considerations

13.1 Waste treatment methods

Recommendation: Dispose of empty containers in the household refuse. Rinse small amounts of product residue out with water. Waste must be disposed of in accordance with federal, state and local environmental control regulations.

Uncleaned packaging: Empty containers should be taken for local recycling, recovery or waste disposal.

Recommendation: Disposal must be made according to local regulations.

SECTION 14: Transport information

14.1 UN number - ADR, ADN, IMDG, IATA	3316
14.2 UN proper shipping name - ADR - AND - IATA	CHEMICAL KIT CHEMICAL KIT CHEMICAL KIT
14.3 Transport hazard class(es) - ADR, ADN, IMDG, IATA - Class - Label	 9 Miscellaneous 9
14.4 Packing group - ADR, ADN, IMDG, IATA	II
14.5 Environmental hazards - Marine pollutant:	No
14.6 Special precautions for user - Danger code (Kemler): - EMS Number: - Segregation groups - Stowage Category - Stowage Code	Not available
14.7 Transport in bulk according to Annex II of Marpol and the IBC Code	Not applicable.

SECTION 15: Regulatory information

This SDS complies with the following requirements of:
 EU Regulation (EC) No.1907/2006 (REACH) including amendments
 Regulation (EC) No.1272/2008 (CLP)
 29 CFR 1910.1200 (OSHA HCS)

15.1 Safety, health and environmental regulation/legislation specific for the substance or mixture.

California Prop. 65 Components

This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

TSCA inventory

All components of the product are listed in the TSCA inventory.

SECTION 16: Other information

Health hazard: 0 Fire hazard: 0 Reactivity hazard: 0 Specific hazard: –
--

Training advice: Before using/handling the product one must read carefully present SDS.

Key Legend Information:

CAS - Chemical Abstract Service

ACGIH - American Conference of Governmental Industrial Hygienists

OSHA - Occupational Safety and Health Administration

N/A - Not available

H-statements - Hazard statements

TLV - Threshold Limit Value

TWA - Time-weighted average

STEL - Short-Term Exposure Limit

CSA - Chemical safety assessment

TSCA - United States Toxic Substances Control Act Inventory

Date of issue 20/05/2019

Version #1.1

This SDS and the information presented within it are based on data held by rikka and the current legislation as at the date stated on it. Anyone wishing to make use of the information presented within this document is obligated to update its instructions from time to time. The information presented in the SDS is based on the manufacturer's data and/or the supplier of the substance/product which is the subject of this SDS, as provided to rikka by the client and in the absence of such data the information was taken from a variety of literary professional sources. The information presented in this SDS is appropriate for the uses specified in paragraph 1 of the SDS only. It is emphasized, that the information specified in this SDS does not replace specific safety instructions for uses of the substance/ product which is the subject of this SDS, which were not explicitly specified in the SDS. Individual professional consultation should be received, and specific safety instructions should be read prior to any mixing of the substance which is the subject of this SDS with other substances and the stated in this SDS does not cover the entire safety instructions relating to mixing the substance which is the subject of this SDS with other substances and does not constitute a replacement to obtaining specific consultation as stated. rikka is not liable to any damage and/or any loss, financial or otherwise, and will not accept responsibility, directly or indirectly, to damages of any kind, including as a result of failure to update and/or misunderstanding and/or misuse/misinterpretation of the information within the document. Any question arising regarding the use of the SDS should be directed to:
